The Autorité des Marchés Financiers (AMF) is responsible for supervising Edmond de Rothschild Asset Management (France) in relation to this Key Information Document.

Edmond de Rothschild Asset Management (France) is authorised to operate in France under the no. GP 04000015 and is regulated by the Autorité des Marchés Financiers (AMF).

Key Information Document production date: 01.07.2026

What is this Product?

Type

The Product is a sub-fund of a French SICAV fund, which is a UCITS governed by European Directive 2009/65/EC.

Term

The term of the Product is 99 years. This Product has no maturity date. The Management Company reserves the right to dissolve the Product unilaterally. The Product may also be dissolved in the event of a merger, a total redemption of shares, or if the Product's net assets fall below the regulatory minimum amount. The assets and liabilities of the various sub-funds are segregated.

As such, any shares you hold in this sub-fund may not be exchanged for shares in another sub-fund in the EdR SICAV fund.

Objectives

The Product aims to outperform its benchmark index, the SBF 120 NR (Net Return, i.e. net dividends reinvested), over a recommended investment horizon of more than 5 years by investing in predominantly French companies whose financial and valuation characteristics indicate that they are likely to perform strongly. The Product is managed actively, which means that the Manager makes investment decisions in line with the Product's investment policy with a view to achieving the Product's objectives. This active management process includes taking decisions related to asset selection, regional allocation, sectoral views and overall market exposure.

Benchmark index: SBF 120 NR (Net Return, i.e. net dividends reinvested).

Investment policy: The Product implements an active stock-picking management strategy, selecting listed stocks from an investment scope comprising mainly French securities with a market capitalisation of more than €300 million. At least 75% of the assets will be invested in European equities and other PEA-eligible securities, with at least 65% in eurozone equities and a maximum of 10% outside the eurozone. Equities from outside of France will not exceed 25% of the net assets.

The Product's management philosophy is to invest in companies whose strategic and operational choices are guided by overall performance.

Other than for the efficient and marginal management of the portfolio, derivatives will only be used on a temporary and exceptional basis.

The Product may also invest in the following securities:

- The Product may use financial contracts traded on French organised markets, regulated markets (futures, listed options), or over-the-counter markets (options, swaps, currency futures etc.), for the purposes of hedging and/or exposure, without overexposure, up to a limit of 100% of its assets. In this respect, the Product may take a position with a view to hedging the portfolio against certain risks (equity risk, currency risk).
- The portfolio's overall exposure to debt securities and money-market instruments may represent up to 25% of the portfolio for cash management purposes.
- The Product may also invest between 0% and 25% of the net assets in euro-denominated French convertible bonds traded on a regulated European market and, within this same limit, up to 10% of the net assets in foreign convertible bonds.

Furthermore, the Product may invest up to 10% of its net assets in UCI units or shares. The Product will not use Total Return Swaps.

This Product is eligible for the French PEA equity savings plan.

Allocation of income: Accumulation

Allocation of net realised capital gains: Accumulation

Intended retail investors

A EUR shares: All subscribers, provided they are willing to accept the risk of capital loss.

This Product may not be purchased by or benefit, either directly or indirectly, natural or legal persons residing or domiciled in the United States, citizens of the United States, or United States Persons.

Practical information

Custodian: Edmond de Rothschild (France)

You can request the redemption of your shares on any day of the week, except on public holidays and on the days on which French markets are closed (see the official Euronext Paris S.A. calendar), for orders received by the clearing house before 12:30 pm on the day before the net-asset valuation day.

The Product's prospectus, its latest annual report, and any subsequent interim reports (in French, and in English, if required) will be provided free of charge upon written request to Edmond de Rothschild Asset Management (France) 47, rue du Faubourg Saint-Honoré - 75401 Paris Cedex 08 - France; telephone: +33 (0) 140 172 525; email: contact-am-fr@edr.com.

Share prices and, where necessary, information on other share classes, as well as information on the Product's net asset value, performance scenarios and past performance, can be found on www.edmond-de-rothschild.com.

What are the risks and what could I get in return?

Risk indicator

The summary risk indicator assumes that you will hold the Product until the maturity date of the recommended holding period (5 years). The actual risk can vary significantly if you opt to exit before the maturity date, and you may get back less.

The summary risk indicator is provided as a guide to the level of risk of this Product compared to other products. It shows how likely it is that this Product will incur losses due to market fluctuations, or our inability to pay you.

We have assigned this Product a risk rating of 4 out of 7, which means that it is a medium-risk product. In other words, the potential losses on the Product's future performance are in the medium range and, if market conditions were to deteriorate, our ability to pay you may be affected.

Moreover, you will also be exposed to the following risks (not shown in the summary risk indicator):

Liquidity risk: The markets for some securities and instruments may have limited liquidity. This restricted liquidity may be disadvantageous for the Product, both in terms of obtaining the indicated prices and executing orders at the desired prices.

As this Product does not include any protection against future market performance, you could end up losing some or all of your investment.

Pay particular attention to currency risk. If an investment Product is denominated in a currency other than the official currency of the State in which the Product is marketed, the final return will depend on the rate of exchange between the two currencies. This risk is not taken into account in the indicator shown above.

Other risks may affect the Product's performance. Please refer to the prospectus for further details.

Performance scenarios

The figures shown include all the costs in connection with the Product itself, but may not include all of the costs that you may be required to pay your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Future market trends are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the Product's and/or the relevant benchmark's worst, average, and best performance over the last 10 years.

Markets could trend very differently in the future.

The stress scenario shows what you might get back in extreme market conditions.

With an investment of EUR 10,000

Recommended holding period: 5 years		If you exit after 1 year	If you exit after 5 years (i.e. the recommended holding period)
Scenarios			
Minimum	There is no minimum guaranteed return. You could lose some or all of your investment.		
Stress	What you could get back after costs are deducted	EUR 3,700	EUR 3,330
	Average annual return	-63.05%	-19.74%
Unfavourable	What you could get back after costs are deducted	EUR 7,670	EUR 7,920
	Average annual return	-23.33%	-4.56%
Moderate	What you could get back after costs are deducted	EUR 10,340	EUR 11,260
	Average annual return	3.41%	2.41%
Favourable	What you could get back after costs are deducted	EUR 13,960	EUR 17,090
	Average annual return	39.56%	11.32%

This table shows different scenarios illustrating the amounts that you could get back over the recommended holding period of 5 years, assuming you invest EUR 10,000.

Unfavourable scenario: This scenario occurred for an investment made between 10.2015 and 10.2020.

Moderate scenario: This scenario occurred for an investment made between 05.2016 and 05.2021.

Favourable scenario: This scenario occurred for an investment made between 03.2020 and 03.2025.

What happens if Edmond de Rothschild Asset Management (France) is unable to pay out?

The Product is a separate co-ownership comprising financial instruments and deposits held by the portfolio management company. Should the latter become insolvent, the Product's assets that are held by the custodian will not be affected. Should the custodian become insolvent, the risk that the Product incurs financial losses will be mitigated due to the legal requirement for the custodian's asset to be held separately from those of the Product.

Investments in the Product are not themselves hedged or guaranteed by a national compensation mechanism. The resale of the Product's shares, and the Product's capital and income, are not guaranteed by the Product manufacturer.

How much will this investment cost me?

The person who is selling you this Product, or advising you about this Product, may charge you additional costs. If so, this person will provide you with information about these costs and how they will affect your investment over time.

Costs over time

The tables show the amounts that are deducted from your investment to cover different types of costs. These amounts depend on how much you invest, and on how long you hold the Product. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed that:

- In the first year, you would get back the amount you invested (0% annual return). For the other holding periods, the Product is expected to perform as shown in the moderate scenario.
- The investment is EUR 10,000.

With an investment of EUR 10,000	If you exit after 1 year	If you exit after 5 years (i.e. the recommended holding period)
Total costs	EUR 541	EUR 1,724
Annual impact of costs *	5.4%	3.1%

(*) This illustrates the extent to which the costs will reduce your return each year over the holding period. For example, it shows that if you exit at the end of the recommended holding period, your average annual return is projected to be 5.52% before costs, and 2.41% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. If this is the case, they will inform you of the amount.

Composition of costs

With an investment of EUR 10,000 and an annual cost if you exit after 1 year.

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	Up to 3.00% of the amount you pay upon subscribing to the Product.	EUR 300
Exit costs	We do not charge an exit fee for this Product, but the person selling you the Product may do so.	EUR 0
Ongoing costs (deducted each year)		
Management fees and other administrative or operating costs	2.19% of the value of your investment per year. This percentage is determined based on the actual costs incurred in the previous year.	EUR 219
Transaction costs	0.21% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the Product's underlying investments. The actual amount will vary depending on how much we buy and sell.	EUR 21
Incidental costs deducted under specific conditions		
Performance fees (and carried interest) (**)	0.01% , Description: 15% per year of the outperformance compared to the benchmark. The estimated aggregated costs shown above includes the average for the past 5 years.	EUR 1

(**) Performance fees may be calculated based on and deducted from the Product's underlying funds.

The table above shows the annual impact of the different types of costs on the return you could obtain on your investment at the end of the recommended investment period.

The costs shown here do not include any additional costs that may be charged by your distributor or advisor, or any costs in connection with a package that the Product may be part of. If you invest in this Product as part of a life insurance or capitalisation contract, this document does not take into account the contract fees.

This table also explains what the different cost categories mean.

How long should I hold the Product, and can I take money out early?

Recommended holding period: 5 years

This Product is designed for medium-term investments. You should be prepared to hold your investment in the Product for at least 5 years. However, you may request the redemption of your investment at any time during this period – there will be no penalty for doing so. You may also hold your investment for longer than the recommended holding period.

You can request the redemption of your shares on any day of the week, except on public holidays and on the days on which French markets are closed (see the official Euronext Paris S.A. calendar), for orders received by the clearing house before 12:30 pm on each net-asset valuation day.

A redemption cap mechanism (known as "gating") may be implemented by the Management Company. The way this works is described in the SICAV's Prospectus and Articles of Association.

The management company has implemented a mechanism for adjusting the Product's net asset value, known as "swing pricing". This liquidity-management mechanism is described in detail in the Prospectus.

How can I make a complaint?

If you wish to make a complaint regarding the Product, the Product manufacturer or the person distributing or advising you about the Product, with a view to having a right recognised or a damage remedied, please send us a written request, describing the problem and the details of the complaint, by post or e-mail, to:

Edmond de Rothschild Asset Management (France), 47, rue du Faubourg Saint-Honoré, 75401 Paris Cedex 08, France.

E-mail: contact-am-fr@edr.com

Website: www.edmond-de-rothschild.com.

Performance Scenarios: The latest performance scenarios are updated monthly at <https://funds.edram.com/>

Past performance: Past performances for the last 10 years can be downloaded at <https://funds.edram.com/>

When this Product is used as a unit-linked vehicle in a life insurance or capitalisation contract, additional information about the contract in question, such as the costs associated with the contract – which are not included in the costs mentioned in this document –, the person to contact in the event of a claim, and the procedures to follow if the insurance company fails, are provided in the contract's key information document, which must be given to you by your insurer or broker, or any other insurance intermediary, in compliance with their legal obligation.

Depending on your tax regime, any capital gains and income derived from your shareholdings in the Product may be subject to taxation. We advise you to discuss this with the Product marketer or your tax advisor.

Other Product information documents are available in French and can be obtained free of charge on request from the management company, Edmond de Rothschild Asset Management (France), Registered office: 47, rue du Faubourg Saint-Honoré, 75401 Paris Cedex 08, France - Website: www.edmond-de-rothschild.com.

Telephone: +33 (0) 140 172 525. E-mail: contact-am-fr@edr.com.

The Product is classified as Article 8 under SFDR. Environmental, social and governance (ESG) criteria are one of the components that are managed, but their weighting in the final decision is not defined in advance.

Representative and paying agent in Switzerland: Edmond de Rothschild (Suisse) S.A., Avenue de l'Etang 62b, 1219 Châtelaine, Switzerland.

The prospectus, key information documents, articles of association and the annual and interim reports are available free of charge from the Swiss representative at the address given above.

This Key Information Document (KID) is updated at least once a year.
