What is this product?

TYPE

The product is a sub-fund of Capitalatwork Foyer Umbrella, an Undertaking for Collective Investment in Transferable Securities (UCITS) incorporated as a variable capital investment company (SICAV) under the laws of Luxembourg.

TERM

The Fund has been formed for an unlimited period. The Board of Directors may liquidate the Fund at any time.

OBJECTIVES

The sub-fund aims to achieve long-term capital growth by investing primarily in equities. It seeks out companies that have been overlooked by the market, whose share price may offer upside potential. This approach may result in significant fluctuations in the value of the sub-fund.

The sub-fund invests at least two thirds of its assets at all times in equities and similar securities, primarily issued by companies in North America and Europe, and to a lesser extent in other regions. In particular, the investment manager selects companies facing a slowdown or a decline in sales or profits, or whose outlook is uncertain. It may invest up to 10% of its assets in other funds and up to 5% in bonds, of which a maximum of 2% may be invested in high yield bonds. Term deposits and ancillary liquid assets may each account for up to 20% of net assets; the limit on liquid assets may be temporarily exceeded in exceptionally adverse market conditions. The sub-fund is actively managed and may engage in securities lending within the limits set out in the prospectus.

The sub-fund falls within the scope of Article 6 of the SFDR. Its investments do not take into account the European Union's criteria for environmentally sustainable economic activities.

This is an accumulation unit class: income is reinvested in the sub-fund and no dividends are paid out.

INTENDED RETAIL INVESTOR

The product is suitable for retail investors with limited knowledge of the underlying financial instruments and no financial industry experience. The product is compatible with investors who may bear capital losses and who do not need capital guarantee. The product is compatible with clients looking for growing their capital and who wish to hold their investment over 5 years.

OTHER INFORMATION

The Depositary is CACEIS Bank, Luxembourg Branch.

What are the risks and what could I get in return?

Risk indicator

1	2	3	**4**	5	6	7

Lower risk — **Higher risk**

The risk indicator assumes you keep the product for 5 years.

The actual risk can vary significantly if you cash in at an early stage and you may get back less.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

The essential risks of the investment fund lie in the possibility of depreciation of the securities in which the fund is invested.

We have classified this product as 4 out of 7, which is a medium risk class.

This rates the potential losses from future performance at a medium level, and poor market conditions could impact our capacity to pay you.

Please refer to the Prospectus for more information on the specific risks relevant to the product not included in the summary risk indicator.

This product does not include any protection from future market performance so you could lose some or all of your investment. If we are not able to pay you what is owed, you could lose your entire investment.

Performance scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product over the last 10 years. Markets could develop very differently in the future.

Recommended holding period: **Example investment:**		**5 years** **EUR 10 000**		
		If you exit after 1 year	**If you exit after 5 years**	
Scenarios				
Minimum	**There is no minimum guaranteed return. You could lose some or all of your investment.**			
Stress scenario	**What you might get back after costs** Average return each year	EUR 4 400 -56.0%	EUR 3 720 -18.0%	
Unfavourable scenario	**What you might get back after costs** Average return each year	EUR 8 690 -13.1%	EUR 10 510 1.0%	This type of scenario occurred for an investment in the product between November 2024 and December 2025.
Moderate scenario	**What you might get back after costs** Average return each year	EUR 10 820 8.2%	EUR 15 690 9.4%	This type of scenario occurred for an investment in the product between April 2019 and April 2024.
Favourable scenario	**What you might get back after costs** Average return each year	EUR 14 820 48.2%	EUR 18 860 13.5%	This type of scenario occurred for an investment in the product between June 2016 and June 2021.

The stress scenario shows what you might get back in extreme market circumstances.

What happens if FundSight S.A. is unable to pay out?

FundSight S.A. is not making any payment to you in relation to this Fund and you would still be paid in case of a default from FundSight S.A.

The Sub-Fund's assets are held with CACEIS Bank, Luxembourg Branch and are segregated from the assets of other sub-funds of the SICAV. The assets of the Sub-Fund cannot be used to pay the debts of other sub-funds.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- EUR 10 000 is invested.

Investment of EUR 10 000	**If you exit after 1 year**	**If you exit after 5 years**
Total costs	EUR 271	EUR 1 436
Annual cost impact (*)	2.7%	1.9% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 11.3% before costs and 9.4% after costs.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	Up to 1.00% of the amount you pay in when entering this investment.	Up to EUR 100
Exit costs	We do not charge an exit fee for this product.	EUR 0
Ongoing costs taken each year		
Management fees and other administrative or operating costs	1.34% of the value of your investment per year. This is an estimate based on actual costs over the last year.	EUR 134
Transaction costs	0.10% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	EUR 10
Incidental costs taken under specific conditions		
Performance fees	5% on the performance exceeding the annual target rate of return of 5% ("hurdle rate") on the condition that the net asset value of the share class is higher than the net asset value used to calculate the last performance fee ("high watermark"). The actual amount will vary depending on how well your investment performs. The aggregated cost estimation above includes the average over the last 5 years.	EUR 27

A conversion fee may be charged and paid to sales agents at a maximum rate of 3% for each share class in this sub-fund.

How long should I hold it and can I take my money out early?

Recommended holding period: 5 years.

The recommended holding period was chosen to provide a consistent return less dependent on market fluctuations.

Redemptions are possible at any time and without limitation. All redemption requests must be received in good order by the Registrar and Transfer Agent prior to 3 p.m (Central European time) on one (1) Business Day (any bank business day in Luxembourg) preceding the relevant calculation day of the NAV. Redemption proceeds shall be paid in the relevant reference currency usually within three (3) Business Days following the relevant calculation day of the NAV.

How can I complain?

If a natural person or legal entity wishes to complain about the Sub-Fund in order to exercise a right or remedy harm, the complainant must set out the problem in writing and include a clear timeline as well as details of the complaint, and send it by post or email, in an official language of the complainant's country of origin, to:
