What is this product ?

Type

Goldman Sachs Funds III is an undertaking for collective investment organized under the laws of Luxembourg as a société d'investissement à capital variable (S.I.C.A.V.) and qualifies as a UCITS. Goldman Sachs Funds III is registered pursuant to Part I of the Law of 17 December 2010 and is established as an "umbrella structure" comprised of a number of sub-funds. You are purchasing a class of shares in the sub-fund.

Term

The term of the Fund is unlimited and therefore there is no maturity date. The Manufacturer may not unilaterally terminate the Fund, however, the directors of the Fund and/or the investors of the Fund may in certain circumstances set out in the Prospectus and constitutive document of the Fund, unilaterally terminate the Fund. Cases of automatic termination may be foreseen by laws and regulations applicable to the Fund.

Objectives

The Fund is classified as a financial product under Article 8 of the EU Sustainable Finance Disclosure Regulation. The Fund promotes environmental or social characteristics but does not have a sustainable investment objective. The Fund integrates ESG factors and risk in the investment process alongside traditional factors. Detailed information on the sustainability related disclosures of the Fund can be found in the Template Pre-contractual disclosure (annex of the prospectus) on <https://www.gsam.com/responsible-investing/en-INT/non-professional/funds/documents>. The fund's objective is to provide investors with capital growth and an attractive level of income. It aims to reach the objective by predominantly allocating its assets to a diversified portfolio of shares combined with a derivatives overlay, as explained below. Investments are made predominantly in ordinary shares listed or traded in Eurozone markets. We use both fundamental and quantitative research inputs to select stocks that offer an attractive return profile. The fund uses active management to target companies that offer an attractive return profile based on fundamental analysis and the input of a factor model, with stock and sector deviation limits maintained relative to the MSCI EMU (NR). Its stock-level composition will therefore materially deviate from the MSCI EMU (NR). Measured over a period of several years, the equity part of the portfolio aims to outperform the MSCI EMU (NR) index. The SMI EMU (NR) is a broad representation of our investment universe. The fund may also include investments into securities that are not part of the index universe. We also integrate ESG factors in our fundamental analysis. We aim to raise additional income on top of the equity dividends by selling call options (obligation to deliver underlying shares or indices at a certain price within a certain time period). Selling calls options is expected to reduce the volatility (price movements) of the total returns (including dividends) of the fund compared with the MSCI EMU (NR) index and is expected to provide some risk mitigation in negative markets. The fund will typically underperform a similar portfolio without derivatives in periods when the underlying stock prices are rising, and outperform when the underlying stock prices are falling. The underlying of the derivatives is expected to be the EuroStoxx 50 index, although other underlying indices and/or stocks/shares may be used when deemed more appropriate to reach the investment objectives. Other derivatives may also be used to reach its investment objectives, such as equity index futures. You can sell your participation in this fund on each (working) day on which the value of the units is calculated, which for this fund occurs daily. The fund does not aim to provide you with a dividend. It will reinvest all earnings.

The return of the Portfolio depends on the performance of the Portfolio, which is directly related to the performance of its investments. The risk and reward profile of the Portfolio described in this key information document assumes that you hold your investments in the Portfolio for at least the Recommended Holding Period as set out below under the heading "How long should I hold it and can I take money early out".

Please see the section "How long should I hold it and can I take my money out early?" below for additional details (including restrictions and/or penalties) on the ability to redeem your investment in the Fund.

Intended retail investor

Shares in the Portfolio are suitable for any investor (i) for whom an investment in the Fund does not constitute a complete investment program; (ii) who fully understands and is willing to assume that the Fund has a risk of 5 out of 7, which is a medium-high risk class; (iii) who is neither a U.S. Person nor subscribing for Shares on behalf of one or more U.S. Persons; (iv) who understands that they may not recover any or all of the invested amount and can bear the loss of their entire investment; and (v) who are looking for medium term investment.

Costs over Time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest and how long you hold the product. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed

- In the first year you would get back the amount that you invested (0 % annual return).
- For the other holding periods we have assumed the product performs as shown in the moderate scenario
- EUR 10,000 is invested.

Investment of 10,000 EUR	if you cash in after 1 year	if you cash in after 7 years (Recommended holding period)
Total costs	541 EUR	2,894 EUR
Annual cost impact (*)	5,4%	3,0%

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be:

7,07% before costs and
4,09% after costs.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	3.00% (max) of the amount you pay in when entering this Investment.	300 EUR
Exit costs	0.00% of your investment before it is paid out to you.	0 EUR
Ongoing costs taken each year		
Management fees and other administrative or operating costs	1.80% of the value of your investment per year.	184 EUR
Transaction costs	0.56% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	57 EUR
Incidental costs taken under specific conditions		
Performance fees and carried interest	0.00% The actual amount will vary depending on how well your investment performs. The aggregated cost estimation above includes the average over the last 7 years.	0 EUR

How long should I hold it and can I take the money out early ?

Recommended holding period: 7 year(s).

The Manufacturer considers this to be an appropriate period of time for the Fund to be able to implement its strategy and potentially generate returns. This is not a recommendation to redeem your investment after this time and while longer holding periods allow greater time for the Fund to implement its strategy, the outcome of any holding period with respect to investment returns is not guaranteed. Investors may redeem their shares on any Business Day (as defined in the Prospectus) by giving prior written notice as further described in the Prospectus. Redeeming your shares in the Fund before the recommended holding period may be detrimental in terms of your return and may increase the risks associated with your investment, which may lead to the realisation of a loss.

How can I complain ?

If you choose to invest in the Fund and subsequently have a complaint about it or the conduct of the Manufacturer or any distributor of the Portfolio, you should in the first instance contact the Client Servicing Team at Goldman Sachs Asset Management B.V. via email at clientservicingam@gs.com, by post Goldman Sachs Asset Management B.V., Prinses Beatrixlaan 35, 2595 AK, The Hague, the Netherlands or by consulting the following website, www.gsam.com/responsible-investing/en-INT/non-professional/about/contact
