# What is this product?

## Type:

This product is an undertaking for collective investments in transferable securities (UCITS) incorporated as an investment company with variable capital (SICAV).

## Term:

This product does not have a maturity date.

## Objectives:

## Investment Objective:

The objective of the sub-fund is to seek exposure to equities primarily via open-ended UCITS/UCIs mainly domiciled in member states of the European Union.

#### Investment Policy:

The aim of the sub-fund is to provide long-term capital growth while seeking performance linked primarily to the equities. The exposure (direct and indirect) to equities will be at least 90% of the sub-fund's net assets. The purpose of the sub-fund is limited to passive investment.

#### ESG considerations:

The investment approach of the sub-fund considers ESG factors in the portfolio selection and management in order to generate long-term competitive financial returns and positive societal impact (Article 8 SFDR).

#### Benchmark:

The sub-fund is actively managed and is not constrained by a benchmark index.

#### Trading and cut-off time:

Investors may request redemptions of shares daily in line with the relevant section of the Fund's prospectus.

#### Distribution policy:

Capitalisation shares do not distribute dividends, all income is reinvested.

## Intended retail investor:

This product is suitable for investors who are willing to accept the risk of total loss of invested capital and have an investment horizon of approximately 5 years. It is intended for investors who do not have the minimum required level of knowledge and experience of financial markets. This product can be used both as a primary investment and as part of a diversified portfolio.

## **Risk Indicator:**

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as 4 out of 7, which is a medium risk class. This rates the potential losses from future performance at a medium level, and poor market conditions could impact the capacity to pay you.

This product does not include any protection from future market performance so you could lose some or all of your investment.

Please refer to the Fund's prospectus for a full list of risks which can affect the overall Fund value.

## **Performance Scenarios:**

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product and a suitable benchmark over the last 10 years. Markets could develop very differently in the future.

# What happens if ING Solutions Investment Management S.A. is unable to pay out?

The Fund's assets and liabilities are segregated from those of ING Solutions Investment Management S.A. Therefore, the Fund's ability to pay out would not be affected in case of insolvency or default of ING Solutions Investment Management S.A.

However, there is a risk of financial loss in the event of the insolvency of the depositary but this risk is mitigated due to the segregation of the depositary's assets from those of the Fund. A potential loss is not covered by an investor compensation or protection scheme.

# What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

## Costs over Time:

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- EUR 10,000 is invested.

|                        | lf you exit after 1 year | If you exit after 5 years |
|------------------------|--------------------------|---------------------------|
| Total costs            | 764 EUR                  | 2,117 EUR                 |
| Annual cost impact (*) | 7.6%                     | 4.1% each year            |

(\*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 8.2% before costs and 4.2% after costs.

# **Composition of Costs:**

# How long should I hold it and can I take money out early?

## Recommended holding period: 5 years.

There is no minimum holding period required for this product. The period of 5 years has been determined to be consistent with the time the product may need to achieve its investment objectives and generate a potential return. Selling your units before the end of the recommended holding period may have an adverse effect on your return. In addition, while longer holding periods allow more time to achieve the investment objectives of the product, the outcome of any holding period is in no way guaranteed in terms of return.

You can redeem your investment at any time without penalty in accordance with the provisions of the Fund's prospectus.

# How can I complain?

Should you wish to make a complaint against the product, its initiator or the person who provides you with advice or sells the product to you, your financial intermediary is the first point of contact. You can also send it in writing to ING Solutions Investment Management S.A., 26 Place de la Gare, L-1616 Luxembourg or by email to compliance.isim@ing.com. For more information, you can refer to the procedure for handling claims available on https://www.ing-isim.lu/policies.
