## What is this product?

**Type:** Shares of a Sub-Fund of Amundi Funds, an Undertaking for Collective Investments in Transferable Securities (UCITS), established as a SICAV.

**Term:** The term of the Sub-Fund is unlimited. The Management Company may terminate the fund by liquidation or merger with another fund in accordance with legal requirements.

**Objectives:** Seeks to increase the value of your investment over the recommended holding period, while investing in economic activities that contribute to a Sustainable Future, addressing some of the global challenges in order to achieve sustainable growth.

**Investments:** The Sub-Fund is a financial product that promotes ESG characteristics pursuant to Article 8 of the Disclosure Regulation. The Sub-Fund invests mainly in a broad range of securities from around the world and which contribute to a sustainable future, as measured according to the environmental, social and governance challenges indicators. This may include: euro denominated investment grade bonds, across the full range of maturities, issued by governments of OECD countries or supranational entities and or corporate entities. At least 10% of the sub-fund's net assets are invested in green, social and sustainable bonds, aiming to finance energy transition and social progress and that meet the criteria and guidelines of the Green Bond, Social Bonds and Sustainable Bonds Principles as published by the ICMA; inflation linked bonds; up to 70% of the sub-fund's net assets in government bonds; up to 40% of the sub-fund's net assets in equities; up to 10% of the sub-fund's net assets in contingent convertible bonds. The Sub-Fund makes use of derivatives to reduce various risks, for efficient portfolio management and as a way to gain exposure (long or short) to various assets, markets or other investment opportunities (including derivatives which focus on equities).

**Benchmark:** The Sub-Fund is actively managed and uses the MSCI Daily Net Total Return World Euro Index (30%) Bloomberg Euro Agg Total Return Index Value Unhedged EUR Index (70%) Index (the "Benchmark") a posteriori as an indicator for assessing the Sub-Fund's performance and, as regards the performance fee, as a benchmark used by relevant share classes, for calculating the performance fees. There are no constraints relative to any such Benchmark restraining portfolio construction.

**Management process:** The sustainable investment objective is achieved by investing in companies and issuers, on both global equity and fixed income markets, which contribute to creating a positive long-term environmental or social contribution to a Sustainable Future. The selection of the securities results from a traditional financial analysis coupled with an extra-financial analysis aiming to assess the actual contribution and commitment to a sustainable future. The sub-fund does not invest in companies deemed not compatible with the objective of the Paris Climate Agreement to limit global warming; the sub-fund therefore excludes companies that derive more than a certain percentage of their revenue from fossil fuels. The sub-fund also meets the requirements of the French socially responsible investment (SRI) label. The Sub-Fund applies supplemental and specific exclusion criteria on companies and public issuers on the basis of controversial activities and controversial behaviour. The Sub-Fund's investment universe is represented by the Benchmark reduced by a minimum of 20% due to exclusion of securities with a lower ESG rating. Further, the Sub-Fund seeks to achieve an ESG score of its portfolio greater than that of the Benchmark.

**Intended Retail Investor:** This product is intended for investors, with a basic knowledge of and no or limited experience of investing in funds seeking to increase the value of their investment over the recommended holding period with the ability to bear losses up to the amount invested.

**Redemption and Dealing:** Shares may be sold (redeemed) as stated in the prospectus at the respective dealing price (net asset value). Further details are provided in the Amundi Funds prospectus.

**Distribution Policy:** As this is a non-distributing share class, investment income is reinvested.
