

ANNEX MOP (Multi-Option Product) PRECONTRACTUAL ANNEX

This insurance product promotes social or environmental characteristics.

These social or environmental characteristics will only be met where the life insurance or capitalisation product invests in at least one of the investment options (classified as Article 8 according to the SFDR regulation) mentioned in the category 1 table below and that at least one of those options is kept during the holding period of the insurance product. Further information about those characteristics or the sustainable investment objective is available in the precontractual SFDR annexes of the investment options as referenced in the tables below.

CATEGORY 1: Investment options that qualify as financial products that promote social or environmental characteristics

Total Category 2		100
Proportion of the category 2 options relatively to the total number of options offered by the insurance product		8.24 %

CATEGORY 3: Investment options that have sustainable investment as their objective and are not financial products

This section is not applicable as the insurance or capitalisation product does not propose investment options that are not financial products

Total Category 3	0
Proportion of the category 3 options relatively to the total number of options offered by the insurance product	0.00 %

Total number of investment options offered by the financial product **1213**

Note: The classification of the options listed in this annex is based on the information provided by the Asset Managers. All information is not yet available and the document will be updated when further information is provided.

* This link can also redirect to the prospectus of the fund in case the precontractual SFDR annex is only available in the fund prospectus.
